

# COULD YOU BE A SPECIALTY CHAMPION? PROVIDING VALUABLE CAREER ADVICE & SUPPORT TO OUR JUNIOR DOCTORS

East Sussex Medical Education aims to provide high quality careers support for all junior doctors working at East Sussex Healthcare NHS Trust. The Specialty Champions scheme is designed to put foundation doctors in touch with more senior colleagues at their Trust who are willing to discuss careers questions in an informal setting

### The role of a Specialty Champion?

Specialty Champions are doctors at ST/CT1 – 8, or consultants, who have an interest in providing careers advice and guidance. They can volunteer from any specialty, and will be able to provide real-life, on-the-ground information about their specialty to interested foundation doctors. They may also set up events in the trust to publicise their specialties

Specialty Champions draw on their own career experiences and expertise to provide valuable insight for Foundation Doctors planning their next steps. Champions can guide and advise on career options beyond FY2, and will provide an accurate context within which to base their career decisions
