

# The Leadership Education Programme (LEAP) is back!

Dr Elena Mucci, Consultant Physician & Leadership Tutor, invites all healthcare professionals involved in the care of patients from ESHT to a half day LEAP workshop that, we hope, will help to develop skills in teaching leadership and aid your leadership appraisal.

At ESHT we have been promoting clinical leadership amongst multi professionals through courses, encouraging involvement in leadership projects and participation in board meetings.

This course is designed to show how colleagues can help their peers as Leadership is for everyone and not only for people in designated Leadership positions.

## Workshop Content:

All workshops are free of charge. The half day is designed to be highly interactive with an emphasis on actually getting colleagues to work together to explore leadership at many levels and put ideas into practice:-

- Defining leadership
- Leadership and Management
- Change Management
- The Medical Leadership Competency Framework
- Identifying opportunities for junior doctors to experience leadership
- How to complete LEAD tool

Those who attend and complete the Feedback Survey will receive a **LEAP certificate** for their appraisal.

### 2023 Workshops

- Tues 28<sup>th</sup> Feb 23 2 - 5pm
- Tues 23<sup>rd</sup> May 23 2 - 5pm
- Tues 4<sup>th</sup> July 23 2-5pm

## "Preparing Healthcare Professionals to Lead"

### Some feedback from recent courses:

*Excellent, motivational, inspiring. I thought the session was thought provoking and it will allow me to think further about what it is to be a leader.*

*Elena is clearly passionate about leadership and very keen to inspire others. The session was a good mix of theory/group work with everyone participating.*

*Enjoyable, interactive training session with good use of further reading.*

*I think the overall session was well lead, informative, interactive and funny. Dr Mucci is a credit to this Trust!*
