## Welcome to East Sussex Healthcare NHS Trust

Dear Medical Student

On behalf of East Sussex Healthcare, we extend a very warm welcome to you all. We will do all that we can to make your stay enjoyable, educational and productive during your time with us at East Sussex Healthcare NHS Trust. The Trust provides services from two acute hospitals, Eastbourne District General Hospital and Conquest Hospital in Hastings.

Please make sure you read and understand the following:

### Being Professional on Your Placement

1. Always introduce yourself to patients, let them know your name and that you are a medical student. Make sure the patient does not object to you being present.
2. Always wear your Medical School's ID badge along with our Medical Student Swipe card, making sure it is clearly visible.
3. Dress cleanly and smartly.
4. Arrive on time each day and do not leave your placement early unless you have agreed this with your supervisor.
5. Attend teaching sessions if they're offered.
6. Make sure you know who is responsible for directly supervising you on your placement and on the ward/clinic.
7. Make sure you know how to raise any concerns by speaking to your supervisor, your education fellow, the medical education team or one of our pastoral fellows.
8. Return your Swipe Card to the admin office at the end of your placement and your keys to the accommodation officer on or before the agreed departure time.
9. The first time in an unfamiliar location, please familiarise yourselves with emergency exits. Be familiar with the Emergency Procedures and FIRE Information on Page 17.
10. **Social Media:** We follow [GMC guidelines](#) (<https://www.gmc-uk.org/-/media/gmc-site/ethical-guidance/mdg-2023/using-social-media-as-a-medical-professional-english.pdf>) Please read and be aware of these guidelines. If there is anything you are unsure of, please ask us.
11. As a future doctor, you have a duty to follow the GMC's medical student guidance in [Good Medical Practice](#)

## The Importance of being Punctual

Please do not be late for any teaching event.

Please respect our consultants, doctors and other teaching professionals by arriving on time. Ideally, at least 5 minutes beforehand which will allow you time to settle into the classroom.

Arriving on time reduces your stress, shows you are organised and serious about your learning. It also shows respect for the tutors, their roles and responsibilities and who often sacrifice their time with patients to teach you valuable, new skills.

Make punctuality a priority.

Thank you!

## Hospital Etiquette

Your studies will bring you into contact with patients and members of the public, who can be physically and emotionally vulnerable. We expect you to understand that there is a difference in the standard of behaviour expected of students at ESHT that bring them into contact with patients, the public and other NHS Trust staff.

Specifically, your behaviour at all times, both in the clinical environment and outside of your studies, must justify the confidence that patients and the public place in you as a future doctor. Please act professionally at all times while on Trust premises. Further guidance can be found here: [Good Medical Practice](#)

Thank you.

## Problems? Concerns? Frustrated? Worries? Questions?

Do not wait until the end of your placement before highlighting any problems. We are here to help.

Contact your programmer administrator, the education fellows, your consultant, your pastoral fellow or any member of the Medical Education Team to discuss any concerns you may have, no matter how small you may think it is.

We are here to help and to make sure you get the learning experience you deserve.

So let's talk! 😊

Freedom to Speak Up Guardians (esht.nhs.uk)

Guardians are appointed in every NHS Trust and act independently and impartially to provide advice and support staff at any stage of raising a concern.

The easiest way to get your concern resolved will be to raise it with your line manager. If you feel unable to raise your concerns through your reporting lines you can raise concerns with your Freedom to Speak Up Guardians. The Trust has two Freedom to Speak Up Guardians:

Ruth Agg    Mob: 07920 087059

Dominique Holliman Mob: 07812 494704

Email: [esh-tr.speakupatESHT@nhs.net](mailto:esh-tr.speakupatESHT@nhs.net)

When things go wrong, we need to make sure that lessons are learnt and things are improved. If we think something might go wrong, it's important that we all feel able to speak up to stop potential harm. Even when things are good, but could be even better, we should feel able to say something and be confident that our suggestion will be used as an opportunity for improvement and learning. We are committed to listening to staff and want to make speaking up 'business as usual' for everyone.

Fostering a culture of openness and psychological safety where everyone can feel confident and safe to speak up is critical. We know that the main barriers to speaking up are fear and futility. Fear of what might happen if you speak up; or a belief that nothing will be done if you do. We want to reassure all our colleagues that you will be listened to if you raise a concern.

We have several policies on Safeguarding. Please read them here:

[Home | Sussex Safeguarding Adults Policy and Procedures](#)

## Accommodation for- Conquest Students

Whilst we endeavour to place you on one site at either EDGH or Conquest Hospital (Hastings), for the duration of your placement, due to the location of some of our clinical services, it may be necessary for some of your placement to be on both sites.

## Surgery at Conquest Hospital

If your placement requires you to attend Surgery, you should report to the surgical handover **at 8am** in the surgical library, (Surgery Department) Conquest Hospital.

You should let them know you are students - and a plan will be made for you. Should you arrive late, you should go directly to SAU and wait there for the team to come to SAU after the morning handover.

Please also refer to the larger Hospital map at the back of this booklet.

**Surgical Corridor**  
Surgical Library (aka Committee Room) is on left hand side at end of the small corridor.

## Trauma and Orthopaedics at Conquest Hospital

The trauma meeting is held every morning at 8am in the trauma meeting room in the corridor opposite Benson and Egerton wards (Level 1 – see main map).

Orthopaedic Theatres are 3,4,5 and 8.

Please introduce yourself to the surgical team.

There are elective clinics and fracture clinics every day in our clinic area (opposite radiology, Level 3 – see main map).

## Useful Information

Accident at work	Report any accident to your supervisor or nurse. You will be required to complete an accident report form, available from Ward Clerks at the nursing stations.

### Parking:

Parking availability on both sites is very limited and is on a first come first served basis. Parking is chargeable for staff who are required to display a parking permit. Please don't park in visitor parking areas or you will be charged the going rate for visitor parking. As a medical student you can park for free but please park in staff parking areas and also you just need to display a Medical Student Parking Permit (next page) and display it clearly on your dashboard. If you are staying in onsite accommodation at the Conquest you are entitled to use the accommodation parking and you won't need to display student parking permit.

## Leaving ESHT

We hope you have enjoyed your time with us and found the learning experience very worthwhile.

*But before you go*

Please remember to return your student swipe cards to avoid a £10 fine.

Thank you.

We are desperately short of swipe cards.

Each card costs the Trust **£10**.

We have asked you to sign an agreement when you first started to say you will return your swipe cards to avoid a **£10** fine.

Please remember to return your card to the Medical Education Office before you leave. Thank you.

With all our very best wishes for a happy and successful future.
