

Post Procedure Advice following Bronchoscopy

Following your examination today you are advised to go home and rest.

If your procedure was carried out with a conscious sedative injection or a general anaesthetic, it is important for the next 24 hours **you do not:**

Drive a car/motorbike or ride a bicycle
Operate any domestic appliances or machinery
Look after young children alone

Sign any legal documents
Drink alcohol
Take sleeping tablets

One of the effects of sedation is that you may not remember having the procedure, this is normal.

A responsible adult should stay with you for 12 hours following your procedure if you have been given sedation.

How will I feel after the procedure?

Your nose and throat may feel a little sore for a short period of time after your bronchoscopy. If your procedure was carried out with sedation you may feel sleepy for the remainder of the day.

You can eat and drink as normal and take your usual medications.

When should I seek help/advice?

Serious side effects are rare however if any of the following occur within 48 hours after your bronchoscopy, consult a doctor immediately:

- **Excessive shortness of breath (if not relieved by your usual inhalers/medications)**
- **Coughing up large volumes of blood**
- **Chest pains or fast heart rate**
- **Fever**
- **Cyanosis (bluish discoloration of skin)**

Important information

The information in this leaflet is for guidance purposes only and is not provided to replace professional clinical advice from a qualified practitioner.

Your comments

We are always interested to hear your views about our leaflets. If you have any comments, please contact the Patient Experience Team – Tel: 0300 131 4731 or by email at: esh-tr.patientexperience@nhs.net

Hand hygiene

The Trust is committed to maintaining a clean, safe environment. Hand hygiene is very important in controlling infection. Alcohol gel is widely available at the patient bedside for staff use and at the entrance of each clinical area for visitors to clean their hands before and after entering.

Other formats

If you require any of the Trust leaflets in alternative formats, such as large print or alternative languages, please contact the Equality and Human Rights Department.
