## LIBRARY AND KNOWLEDGE SERVICES BULLETIN

Issue 1 // February 2022

### Welcome to our first news bulletin!

During a recent departmental review, we recognised that an essential aspect of our service comes down to user engagement and communications. With this bi-monthly bulletin, we aim to highlight key clinical and non-clinical resources and services that we offer to support your professional expertise and personal development. We'll cover key themes for the month, tell you about how other staff are using our resources, update you on any developments in the library and much more!
