FREEDOM OF INFORMATION ACT

I am responding to your request for information under the Freedom of Information Act. The answers to your specific questions are as follows:

I would like to know if there are any surgical procedures performed in the Trust where surgical smoke evacuation use is mandatory?

Smoke evacuation is used on almost all surgical procedures requiring cauterisation, this is not a mandatory requirement but it is recommended for staff safety.

If I can be of any further assistance, please do not hesitate to contact me.

Should you be dissatisfied with the Trust's response to your request, please write to the Freedom of Information Department (esh-tr.foi@nhs.net), quoting the above reference.

Yours sincerely
