FREEDOM OF INFORMATION ACT

I am responding to your request for information under the Freedom of Information Act. The answers to your specific questions are as follows:

Can you please provide the following for any Blood Gas Analysis contracts your trust holds that include analysers, consumables, reagents or accessories.

- **Contract end date**

31st March 2025.

- **Any extension options available**

3 years.

- **Anticipated annual value of the contract**

Whilst the Trust holds the information requested, it is applying a Section 43(2) exemption in relation to this part of the request as the release of the information is likely to prejudice commercial interests of third parties. This is because release of the information could be detrimental to their competitive position in the market.

In applying the exemption consideration has been given to the public interest in enabling scrutiny of public sector decision making and the general public interest in accountability and transparency.

We have concluded that by providing the actual annual value of the contract would be likely to cause harm to the Trust as this could distort the market-place and therefore, result in the Trust not obtaining best value for money.

In this instance, we consider that the public interest in withholding the information is greater than the public interest in disclosing the information.

- **Details of what is included**

Kits and Service.

Please write to the Freedom of Information Department (esh-tr.foi@nhs.net), quoting the above reference, within 40 working days. The Trust is not obliged to accept an internal review after this date.

Should you still be dissatisfied with your FOI request, you have the right of complaint to the Information Commissioner at the following address:
