## FREEDOM OF INFORMATION ACT

I am responding to your request for information under the Freedom of Information Act. The answers to your specific questions are as follows:

**We are conducting an annual national study of attendances to Emergency Departments for assault-related injury and will be grateful if your department could provide us with attendance data for 2022.**

**The data we require are as follows (for period 1st January 2022 and 31st December 2022) in an electronic format that allows us to read the data into a database. Many hospitals respond to our survey and provide data in the form we require. Preferably this format is in an excel file or comma separated text file.**

**Data required (for period between 1st January 2022 and 31st December 2022)**

**We require the gender of the patient (M or F), the date that they attended due to assault (dd/mm/yyyy) and their age. Age can either be numerical to the nearest year (preferred) or in age bands ("0-10", "11-17", "18-30", "31-50", "51+"), we can also accept date of birth.**

**To calculate the level of assault-related injury in England and Wales we also require the total number of attendances for any reason in the year of interest, i.e., 2022.**

**Please also include the names of hospitals (including Minor Injury Units and Walk-in Centres) providing assault data.**

[Please see attached document.](#)

If I can be of any further assistance, please do not hesitate to contact me.
