FREEDOM OF INFORMATION ACT

I am responding to your request for information under the Freedom of Information Act. The answers to your specific questions are as follows:

- 1. Has the Trust undertaken and completed any capital construction projects within the last 5 years?**

Over the last five years East Sussex Healthcare NHS Trust have not had any significant capital schemes that change the operation of the services.

- 2. If yes, was a post occupancy evaluation (POE) study carried out after the project's completion?**

Not applicable.

- 3. If no, what were the reasons for not carrying out a POE?**

The schemes being of a refurbishment nature and as such any post occupation is dealt with through normal processes. We are currently involved in a P23 project and are aware and will be undertaking a full post occupation evaluation.

- 4. If a POE was carried out did the Trust find the results of this beneficial?**

Not applicable.

- 5. If a POE was carried out were the results published and/or shared within the wider NHS?**

Not applicable.

- 6. Please could contact details be provided of anyone within the Trust who would be willing to take part in a more detailed discussion about POE**

We are not in a position to engage with more detailed discussion as we are sometime away from undertaking a POE on our major building project.

If I can be of any further assistance, please do not hesitate to contact me.
