FREEDOM OF INFORMATION ACT

I am responding to your request for information under the Freedom of Information Act. The answers to your specific questions are as follows:

Given the development under the NHS Sussex Shared Delivery Plan of Integrated Care Teams I would like to understand better the detailed departmental structure within the Trust's Divisional organisation.

The Board papers identify the following Divisions within the Efficiency report which forms part of the Integrated Performance Report:

- **Medicine**
- **Urgent Care**
- **DAS**
- **Core Services**
- **CHIC**
- **WCSH**
- **Estates & Facilities**
- **Corporate**
- **Sussex Premier Health**

I would like to know the names of the services which sit under each division especially those which are provided in the community like the Joint Community Rehabilitation team.

If it would help, if each division and service exists as a budget or cost centre in the Trust's chart of accounts, then an extract from the chart of accounts without coding details might be an easy answer.
