FREEDOM OF INFORMATION ACT

I am responding to your request for information under the Freedom of Information Act. The answers to your specific questions are as follows:

1) Please share the direct email address of Adrian Knight.

We are unable to provide the contact details of staff as we consider this information to be exempt from release in accordance with section 44 of the Freedom of Information Act (Prohibition on disclosure) and would refer to the Privacy and Electronic Communications EC Directive Regulations 2003 which provide specific rules on electronic communication services, including marketing (by phone, fax, email or text) and keeping communications services secure. We will not provide any information that could result in the transmission of unsolicited communications which may place an unacceptable risk to our email network and could also have a detrimental impact on patient care and treatment.

The contact number for the Trust are accessible on the Trust website <http://www.esht.nhs.uk>.

This is an absolute exemption and there is, therefore, no requirement to consider the public interest.

2) Please confirm when the Energy Management System will be implemented.

As previously advised in our response 24/067 to the FOI request, the Trust does not operate an Energy Management System as defined in the question previously submitted, as we do not generate electricity for transmission.

Both of the Trust's main acute sites have Building Management Systems (BMS) installed. Conquest Hospital has a Sauter system and Eastbourne District General Hospital has a Trend system. Both BMS packages provide control over plant and equipment to ensure appropriate operating parameters and control strategies are met.
