Tel: 0300 131 4500

Website: www.esht.nhs.uk**FREEDOM OF INFORMATION ACT**

I am responding to your request for information under the Freedom of Information Act. The answers to your specific questions are as follows:

I am writing to request information related to the organisation's contracts register, procurement strategy document, and contact details. Please find the detailed requests below:

1) Contract Register Request:

I am seeking the full and entirety of the organisation's contract register or database. The register should include the following columns/headings or something similar:

- a) Contract Title: The title of the contract, e.g., "IT Services Contract".**

[Please see attached document '24-863 Contract Register'.](#)

- b) Supplier Name: The name of the organisation providing the goods or services.**

[As above.](#)

- c) Estimated Spend (Total or Annual): [Radio Button] Whether the estimated spend is for the entire contract period or annually.**

[Please see the attached document '24-863 Contract Register', in which we have indicated where we are applying Section 43\(2\).](#)

Section 17 Notice of Refusal

[Under Section FOIA Section 1 \(1\) \(a\) The Trust would confirm that it does hold the information requested, it is applying a Section 43\(2\) exemption in relation to this part of the request as the release of the information is likely to prejudice its commercial interests.](#)

In applying the exemption consideration has been given to the public interest in enabling scrutiny of public sector decision making and the general public interest in accountability and transparency.

We have concluded that sharing commercials could disadvantage the incumbent supplier against their competitors. The information could provide competitors with the suppliers pricing, which could result in these suppliers obtaining a competitive advantage which could result in the Trust not obtaining best value for money.

In this instance, we consider that the public interest in withholding the information is greater than the public interest in disclosing the information.

d) Contract Duration: The initial term of the contract in months.

Please see attached document '24-863 Contract Register'.

e) Total Contract Period: The total duration of the contract, including any potential extensions.

As above.

f) Contract Extensions: The number of months for any potential extensions.

j) Contract Description: A detailed description of the contract, this could include the purpose, scope, and key terms and conditions.

As above.

Angela Alletson
Head of Procurement
