FREEDOM OF INFORMATION ACT

I am responding to your request for information under the Freedom of Information Act. The answers to your specific questions are as follows:

How many patients have been treated in A and E in 2024 where the clinician has recorded that their condition was result of complications from weight loss jabs, like semaglutide or tirzepatide.

East Sussex Healthcare NHS Trust does not centrally record the information requested above. The Trust would require a manual review of all patients' notes who had attended the Emergency Departments in 2024 and review the outcome of each patient, to establish if firstly we could provide the information and secondly to gather the information requested. We estimate this would take in excess of the 18-hour timescale. We are therefore applying Section 12(1) to your request.

Section 12(1) of the Act allows a public authority to refuse to comply with a request for information if the authority estimates that the cost of compliance would exceed the 'appropriate limit', as defined by the Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations 2004 (the Regulations). These state that this cost limit is £450 for public authorities which are not part of central government or the armed forces. The costs are calculated at £25 per hour per person regardless of the rate of pay, which means that the limit will be exceeded if the work involved would exceed 18 hours. The Trust estimates that the cost of complying with this request would significantly exceed the above limit.

If I can be of any further assistance, please do not hesitate to contact me.

Should you be dissatisfied with the Trust's response to your request, you have the right to request an internal review. Please write to the Freedom of Information Department (esh-tr.foi@nhs.net), quoting the above reference, within 40 working days. The Trust is not obliged to accept an internal review after this date.
