## FREEDOM OF INFORMATION ACT

I am responding to your request for information under the Freedom of Information Act. The answers to your specific questions are as follows:

**Q1 How many children presented at your trust with rotting teeth in the month of October 2024, the week of the 28th October 2024 and the week of 4th November.**

East Sussex Healthcare NHS Trust does not centrally record children who presented at our Trust with rotting teeth. To enable the Trust to provide this information would require a manual review of patients notes, which we estimate would take in excess of 18 hours. We are therefore applying Section 12(1) to this part of your request.

Section 12(1) of the Act allows a public authority to refuse to comply with a request for information if the authority estimates that the cost of compliance would exceed the 'appropriate limit', as defined by the Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations 2004 (the Regulations). These state that this cost limit is £450 for public authorities which are not part of central government or the armed forces. The costs are calculated at £25 per hour per person regardless of the rate of pay, which means that the limit will be exceeded if the work involved would exceed 18 hours. The Trust estimates that the cost of complying with this request would significantly exceed the above limit.

However, we can confirm that the following are the number of patients that have been admitted into the Trust for rotting teeth:

Month/Year	Number of Patients
October 2024	19

Week commencing	Number of Patients
28 October 2024	5
04 November 2024	<5

Please note that patients are not usually admitted for rotting teeth, only unless they are having an extraction.
