I am responding to your request for information under the Freedom of Information Act. The answers to your specific questions are as follows:

I am writing to request information under the Freedom of Information Act 2000 regarding the storage of brain tumours.

1) Does your Trust hold a record or inventory of medical-grade freezer units used for the storage of biological, histopathology, research, or biobanking tissue samples?

a) If yes, please provide the (a) number of units and (b) storage temperature category (for example -20°C, -80°C).

We do not hold this information as all East Sussex Healthcare NHS Trust's Neuro Surgical referrals are made to University Hospitals Sussex NHS Foundation Trust (UHSussex). Therefore, please refer your request to UHSussex, via the following email, for a response to your request:

uhsussex.foi@nhs.net

2) Are any of these freezer units currently used for the rapid freezing and/or long-term storage of brain tissue samples?

a) If yes, please state (i) the number of units used for brain tissue and (ii) the typical storage temperature used.
