Further to your recent request for information made under the Freedom of Information Act (FOIA) 2000, I now set out our answers to your specific questions, and any clarifications sought and provided, as follows:

Can you please provide me with a list of the names of the data fields which ESHT is currently submitting for inclusion/loading to the John Hopkins Patient Risk Stratification Tool. No actual data is being requested.

The John Hopkins risk stratification tool sits within the Sussex integrated data set (SID) which is held and managed by the integrated care systems; therefore we do not hold this information.

Their Freedom of Information (FOI) requests are managed by South, Central and West (SCW) Commissioning Support Unit.

Requests should be made in writing and directed to sxicb.foi@nhs.net.

I trust this information is helpful in its detail or explanation however, if you are dissatisfied with the response, then you have the right to request an internal review. If you wish to seek an internal review, please write to the Freedom of Information Team at esh-tr.foi@nhs.net quoting the above FOI reference number, within 40 working days. Please note the Trust is not obliged to accept a request for an internal review after this time period.

Yours faithfully
