Website: www.esht.nhs.uk

Further to your recent request for information made under the Freedom of Information Act (FOIA) 2000, I now set out our answers to your specific questions, and any clarifications sought and provided, as follows:

- 1) **How many patients have a current diagnosis for Spinal Muscular Atrophy (ICD-10 Code G12.0, G12.1, G12.8 and G12.9) at your trust?**

Clarification was sought advising that the Trust does not centrally record details of patients with a current diagnosis. We can supply the number of patients admitted with this condition for a defined data range (e.g. Jan - April 2026). Is this an acceptable date range, confirmation was received as follows:

I confirm that the number of patients admitted with this condition for a defined date range would be acceptable. Please proceed with providing the data for the period January to April 2026.

Please see the table below for the number of admissions of patients with a diagnosis of Spinal Muscular Atrophy for the period January to April 2026:

Number of Distinct Patients	Number of Admissions	Primary Diagnosis	Secondary Diagnosis
2	5	0	5

- 2) **How many patients have been treated in the last 4 months (January to April 2026) with the following products:**

- **Evrysdi (Risdiplam)** 0
If available, please provide the split of the number of patients treated with Evrysdi (Risdiplam) by TABLET and SOLUTION formulations.
- **Spinraza (Nusinersen)** 0
- **Zolgensma (Onasemnogene)** 0

3) **How many new patients* have been treated in the last 4 months (January to April 2026) with the following products:**

- **Evrysdi (Risdiplam)** 0
If available, please provide the split of the number of patients treated with Evrysdi (Risdiplam) by TABLET and SOLUTION formulations.
- **Spinraza (Nusinersen)** 0
- **Zolgensma (Onasemnogene)** 0

4) **Of the total patients treated in the last 4 months (January to April 2026) with Evrysdi (Risdiplam), please provide the number of patients that were treated with Spinraza (Nusinersen) in the previous 4 months (September to December 2025).**

If available, please provide the split of the number of patients treated with Evrysdi (Risdiplam) by TABLET and SOLUTION formulations.
