Further to your recent request for information made under the Freedom of Information Act (FOIA) 2000, I now set out our answers to your specific questions, and any clarifications sought and provided, as follows:

Can I please make a Freedom of Information request for:

1. **Details of all spend on external firms by the trust for work on its scheme in the New Hospital Programme since 2019 until May 2026.**

Please share the names of each firm, total spend to date, and a brief description of the work that they have been employed to do

[Please see the attached document - 'FOI 26-449 NHP Spend by Supplier'.](#)

2. **The latest business case stage which has been approved for your scheme (SOC, OBC, FBC).**

[Following the review of the NHP in January 2025 our Trust's opportunity to receive capital from the programme was deferred to 2037 and we suspended all related work. At that point we were at the SOC stage and were also working on content for an OBC, anticipating the need for it.](#)

I trust this information is helpful in its detail or explanation however, if you are dissatisfied with the response, then you have the right to request an internal review. If you wish to seek an internal review, please write to the Freedom of Information Team at esh-tr.foi@nhs.net quoting the above FOI reference number, within 40 working days. Please note the Trust is not obliged to accept a request for an internal review after this time period.

Yours faithfully
