

FOI REF: 26/723

28<sup>th</sup> October 2026

Eastbourne District General Hospital

Kings Drive  
Eastbourne  
East Sussex  
BN21 2UD

Tel: 0300 131 4500  
Website: [www.esht.nhs.uk](http://www.esht.nhs.uk)

Further to your recent request for information made under the Freedom of Information Act (FOIA) 2000, I now set out our answers to your specific questions, and any clarifications sought and provided, as follows:

**I am writing to you to make a request under the Freedom of Information Act 2000.**

**Please provide a spreadsheet containing all patient-safety incidents recorded on the Trust's Datix (or equivalent incident-reporting) system between 13 October 2022 and today (13 October 2026) where:**

- 1. the incident occurred during a surgical procedure; and**
- 2. the incident was recorded as causing some level of harm.**

**For each incident, please provide:**

- Incident reference number (anonymised if necessary)**
- Any description of the incident (anonymised if necessary)**
- Date of incident**
- Hospital site**
- Procedure type**
- Incident category**
- Level of harm recorded**
- Whether the incident was investigated**

For Question 1 and 2, please refer to the attached document entitled "FOI 26-723 Patient Safety Incidents During Surgical Procedures". Due to how our incident reporting form is structured, please note the following:

- The attached document sets out all incidents with a generic description to ensure no patient can be identified from details of the incident;
- The attached document sets out all incidents that occurred in a surgical location irrespective of hospital site;
- The attached document does not provide information on incidents by procedure type as this is not detail we capture in our incident reporting form;
- The attached document sets out all incidents where a level of harm has occurred; and

- All patient safety incidents are investigated, with investigation findings and any learning identified, documented in the incident record.

**If any part of this request is considered exempt for any reason, please consider redacting that information rather than rejecting the request outright.**

Not applicable.

I trust this information is helpful in its detail or explanation however, if you are dissatisfied with the response, then you have the right to request an internal review. If you wish to seek an internal review, please write to the Freedom of Information Team at [esh-tr.foi@nhs.net](mailto:esh-tr.foi@nhs.net) quoting the above FOI reference number, within 40 working days. Please note the Trust is not obliged to accept a request for an internal review after this time period.

Yours faithfully

Freedom of Information (FOI) Team
